## **DETAILED ACTION**

### ***Response to Arguments***

1. The Applicants' arguments, see in particular Pages 6-14 of the submission, filed 7/21/04, with respect to Claims 74, 81, and 86, have been fully considered and are persuasive. The rejections of Claims 74, 76, 78-90 in the Office Action dated 5/21/04 are respectfully withdrawn.

## **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

Claims 74, 81, and 86 are allowable over the cited art of record for at least the reason that the cited art of record fails to teach or reasonably suggest an optical fiber transmission system, including, in combination, waveguide receiving pipes being connected to lead-in spigots by respective sealing connections, the waveguide receiving pipes terminating at the sealing connections and being disposed exteriorly of the closure body interior space, and respective said waveguides passing the respective sealing connections and entering the closure body interior space. Claims 76, 78-80, 82-85, 87-90 are dependent on Claims 74, 81, and 86, and hence are allowable for the same reasons Claims 74, 81, and 86 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany

the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
